

Stoneridge Electronics,
3 rue Fontaine de Guimbalet,
64100 Bayonne,
France
06th June 2024

Dear Sir/Madam,

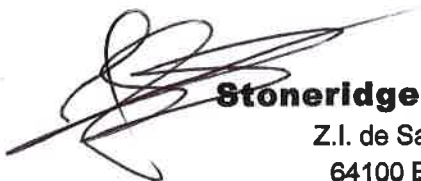

Stoneridge process to upgrade SW on in-service SE5000 Smart 2 tachograph is detailed in SIL24_006 which was approved by STA, the Swedish Transport Agency, on May 29th, 2024.

This VU Field-flash procedure can be carried out in-vehicle and does not require a re-calibration.

Best Regards,

Laurent Duclos
